HAPPY COCOONING

COCOON TABLES

CELEBRATE HAPPINESS

Celebrate happiness, seize the day and enjoy life. Happy Cocooning contributes with it's products to a terrace experience that feels more luxurious, gives more atmosphere and makes you happy. We hope that you will experience many beautiful moments with one of our products.

The best things in life are meant to be shared.

THE COCOON TABLE

The fireplace has been the place in the house for centuries to crawl away. The outdoor space is more and more seen as an extension of the interior . In the ultimate living, outdoor fireplaces are indispensable. Then there are the Cocoon Tables: trendy garden tables with a built-in gas fire plus the possibility to use the table with a separate grill plate as a barbecue. On cool evenings in the spring and autumn fire brings warmth, but especially atmosphere and conviviality. A gas fire is ideal: on is on, off is off. And extra safe in addition: there are no sparks. The Cocoon Tables are for those who literally want to warm up.

THE ATMOSPHERE OF A FIREPLACE

The Cocoon Tables seem made of concrete, while in fact they are made of composite, because of this they are resistant to extreme temperatures. The fire of the Cocoon Table consists of gas fire with stainless steel burner of 12 and 19.5 kW, nicely camouflaged with optical logs and lava stones. This makes the fire look like wood-fired flames. The fireplace is easy to ignite by the electronic ignition and the height of the flame is adjustable by means of a control button, both finely processed in a stainless steel control panel.

THE BRAND

Happy Cocooning has been bringing a campfire to the gardens and balconies from Europe with its Cocoon Tables since 2008. By using a gas burner you have the atmosphere of a cozy fire, but not the inconvenience of a traditional wood burner. Choosing between a lounge or dining table is no longer needed. Happy Cocooning has the best response to the trends with a perfect intermediate solution. Whether you like organic round shapes or straight and tight, Happy Cocooning always fits your taste, at the right level.

THE FIREPLACE TABLE

The firetable for outside literally sets you on fire. The Cocoon Tables have a built-in gas fire. Extremely attractive and safe! It is the central place outside, where you can sit around very cozy.

With the optional griddle plate, this fiery table can be used directly as a barbecue.

Other available accessories are wooden sidetables, a wine cooler and glass screen kit. With this to make the product a multifunctional fire table. The Cocoon Tables are made of extremely strong and weather-resistant composite and are available in various shapes, sizes and colors.

Enjoy cosiness, light and warmth outside without sparks or smoke.

BOWL

Happy Cocooning is constantly expanding its design line. So we played with the "Bowl" shape and the trend that gardens may also be less tight in shape and more cozy. The Bowl has a natural form and can be nicely combined on your terrace with the round shapes in the garden.

MAINTENANCE

We are convinced that enjoyment and little maintenance should go together. That is why a lot of attention was paid to qualitative materials that are easy to use are maintained when developing the Cocoon Tables. The only maintenance that you need to spend on the Cocoon Tables is cleaning the Table. All parts are manufactured in such a way that they do not need maintenance, so you can enjoy your Cocoon Table optimally. The details can be found in the user manual.

The Cocoon Tables seem made of concrete, while in fact they are made of composite. This is why they are resistant to extreme hot and cold temperatures and they can be used outside without any problem all winter (covered with the supplied cover).

SERVICE AT DELIVERY

The Cocoon Table is supplied with lava stones, ceramic logs, gas hose (2.5 meters) and a PVC protective cover. The table must be connected to a propane/butane gas bottle, and a 30 mBar gas pressure regulator must be used.

The protection cover is available for each model (excluding Loki, Cocoon Move and Bar Tables)

SAFETY FIRST

Happy Cocooning is all about design and safety. We develop all products ourselves and work according to the highest safety requirements. You have an optimally safe product with the accessories offered. All Cocoon Tables are available with protective glass, a protective layer for the gas hose and a gas pressure regulator.

Protection Layer Gas Hose

Camouflage your gas hose
and avoid tripping

Holder for Gas Bottle

Included with the Composite
Lounge & Dining Tables

Protective Glass Screen Kit

The glass provides protection
against direct flames and is resistant
against high temperatures

NATURAL GAS

It is possible to connect the Cocoon Tables to natural gas after conversion. The table must then be converted by means of a conversion kit and connected by a recognized gas installer. If you would like information about a conversion kit, please contact us.

BUSINESS SOLUTIONS

The Cocoon Tables are not only suitable for private use. Happy Cocooning also provides business solutions. Happy Cocooning supplies its products to hotels, beach pavilions, restaurants, cafes, lounge bars, wedding venues, event organizations, culinary festivals and open-air concerts.

Do you want to know what the possibilities are for your company?

We are happy to advise you!
